## EDUCATION

**Simon Fraser University, Burnaby, BC** *Sep 2025 — Jun 2029*
*Undergraduate Student*

**Burnaby Mountain Secondary School, Burnaby, BC** *Sep 2024 — Jun 2025*
*Grade 12 Student*

## EXPERIENCE

**UI/UX Designer** *Oct 2025 — Present*
*WCDAT* *Surrey, BC*

- Designed and developed user interface layouts for company websites, ensuring a clean, intuitive, and visually consistent experience.
- Applied user-centered design principles to improve usability, accessibility, and overall user experience.
- Collaborated with team members to translate requirements into functional and engaging design solutions.

## LEADERSHIP EXPERIENCE

**StormForge 2026 Participant** *Jan 2026 — Present*
*SFU Surge Club*

- Accepted to StormForge 2026 program.

**Jummah Coordinator** *Jan 2026 — Present*
*SFU MSA Club*

- Coordinate weekly Jummah (Friday prayer) services for SFU students, ensuring smooth organization, punctuality, and compliance with campus guidelines.
- Support an inclusive and respectful worship environment for a diverse student body.
- Demonstrate leadership, accountability, and community engagement while serving the spiritual needs of SFU students.

**Dawah Booth Volunteer** *Oct 2025 — Present*
*SFU MSA Club*

- Supported the planning, setup, and operation of an on-campus booth promoting interfaith dialogue and cultural awareness.
- Engaged with students and community members by providing introductory information and responding to questions in a respectful, educational manner.
- Contributed to creating an inclusive, open environment that encouraged thoughtful discussion and mutual understanding within the SFU community.

**[SAP] SFU Games Lounge Volunteer** *Oct 2025 — Present*
*SFU Student Engagement and Retention*

- Assisted in facilitating games and creative activities in the campus lounge to foster student engagement and community building.
- Supported event logistics by helping set up, organize, and maintain a welcoming and inclusive space for students and community members.
- Encouraged participation, built connections with peers, and contributed to a positive and stress-free environment.

**Volunteer** *Sep 2025 — Present*
*YRES | VRES | TRES*

- Selected to participate in the Volunteer Success Program.
- Designed and developed branded educational and community-focused digital content.
- Conducted research, trend analysis, and competitive analysis to improve engagement strategies.
- Supported digital community management and encouraged meaningful online participation.

## PROJECTS

**CodeBattles** | React, Vite, Tailwind CSS, Zustand, Socket.io-client, Python Flask, Flask-SocketIO          *Jan 2026 — Present*
- CodeBattles is an interactive competitive programming platform designed to make learning algorithms and problem-solving more engaging through real-time coding battles. The platform allows users to compete head-to-head, solve timed challenges, and receive instant feedback on performance.
- Built with a focus on accessibility and motivation, CodeBattles transforms traditional coding practice into a game-like experience, encouraging consistency, collaboration, and skill growth. The project emphasizes clean architecture, scalability, and real-time interactions, making it suitable for both beginners and advanced programmers.

**BudgetBuddy** | Node.js, Express.js, Flutter, EJS, HTML/CSS          *Jan 2026 — Present*
- Co-developed BudgetBuddy, a budgeting website and application focused on simplifying personal finance and promoting smarter financial decision-making.
- Collaborated in a fast-paced hackathon environment to translate ideas into a functional prototype within limited time constraints.
- Worked across frontend, backend and application logic, contributing to core features and overall product architecture.

**Portfolio Website** | HTML5, CSS3, JS          *Dec 2025 — Present*
- A modern, performance-focused personal portfolio website designed to showcase my projects, technical skills, and achievements in a clear and professional way.

**Track2Give** | Node.js, Express.js, MongoDB, Mongoose, HTML, CSS, JavaScript          *Oct 2025 — Present*
- Started Track2Give, a food waste tracker web app that matches with Goals 2, 12, and 13 of the UN SDG Goals.
- Developed the donation section of the web app and all the logic related to that section.
- Debugged the app and fixed the bugs and errors that were present.

## AWARDS & HONORS

**Most Likely to Become a Startup**          *2025-10*
*StormHacks 2025*

**1st Place**          *2025-10*
*United Nations Sustainable Development Goals Enactus Challenge*
StormHacks 2025

**Best Beginner**          *2025-10*
*StormHacks 2025*

## CERTIFICATIONS

**WorkSafeBC Certificate**          *2024-10*
*WorkSafeBC*

**Microsoft Certified: Azure Fundamentals**          *2025-07*
*Microsoft*

**Worker Health and Safety Awareness in 4 Steps**          *2025-09*
*Ministry of Labour, Training, and Skills Development*
